Take My Bill  
And Just For Fun  
Divide It By  
The Jobs I've Done...  
So Many Things  
By Day and Night  
Each One Costing  
Only a Mite

Yes, my wages DO look nice and low these days, especially if you think of all the jobs I do every month. What other servant works for 3 cents an hour? What other servant is on duty 24 hours a day, every day of the year? The answer to both of these questions is "NOBODY" ... except your faithful Electric Servant.

You might think of that the next time someone comes around yelling about "cheaper electricity." How much "cheaper" can you get? Just remember that any dreamer's scheme for "cheaper" ELECTRICITY has got a hook in it some place.

# Bulk Milk COOLING PAYS

## Why Beatty Dari-Kool leads in Sales

Book illustrates the economical ICE BANK method we use in Beatty Dari-Kool. Shows how it is so much FASTER than others and why it PREVENTS frozen milk. Tells why Beatty Dari-Kool costs LESS, why it is easier to install, why it uses less power, why it is easier to clean. Shows how it keeps right on cooling, even when the power goes off. Shows installations with the beautiful, long-life, bulge proof tank, all made of stainless steel.

## BEATTY DARI-KOOL BULK MILK COOLERS

Bulk Milk Cooling—a revolutionary method of storing and shipping milk—is sweeping the dairy industry. Get our FREE BOOK and learn how it saves you money.

Book shows how it cuts out wastage from can spillage and stickage. Learn how Bulk Cooling gets you a higher price through higher quality, quicker cooling, lower haulage costs and savings by the milk company. Test sample is taken and weight receipt given AT YOUR MILK HOUSE. No cans to fill, carry or clean—none to buy or rent. NO FROZEN MILK.
